

**FOR YOUR SAFETY AS VISITOR**

To ensure your safety as a visitor here at Boliden Aitik it is important that you are aware of some of our safety rules.

**Personal protective equipment for visitors in production environment**

Minimum requirements:

- Helmet with chin strap
- Eye protection
- Warning vest
- Protective shoes/boots

Depending on what parts of the industrial area you will visit you may also need, for example:

- Ear protection
- Gloves

**Ask your guide what equipment you will need during your visit**

**Inform your guide if you:**

Have a pacemaker, epilepsy, allergies, fear of heights, is pregnant or for some other reason might have limitations during your visit, as this may affect what areas you can visit.

**Other safety rules**

- Always follow your guide's instructions
- Visitors must not be under the age of 15
- A valid ID should be carried during the whole visit
- Alcohol and narcotics are strictly prohibited. Random alcohol and narcotics tests may be carried out. 
- Seat belts must always be used. 
- Cameras may only be used with the permission of your guide. 
- Publication of photos (including social media) requires the permission of Aitik's area manager.

**In case of an emergency,** follow your guide's instructions

**I have read and understood the information on this paper and hereby commit to following these rules during my visit in Aitik.**
